

*Mary, queen of the angels we ask you to guide us on this 2014 Cornerstone journey. Throughout your guidance may we become better mothers, wives, sister, aunts, daughters and grow spiritually closer to Jesus your only Son. We ask that you show us your human side, that we can understand how to be better women, while being tested by temptations or the devil himself. Show us your joy, love and compassion for all people as well as your ability to deal with disappointments, suffering and death. For you Mary, have been through it all. Please ask your son Jesus to bless our journey this year, as well as whisper into the hearts of the 2014 Candidates. Finally Mary, we pray for the current, past and future Cornerstone women that we become the cornerstone you ask us to be and fulfill your work here on earth. Amen.*
